**MINUTES OF THE TRI-COUNTY BICYCLE ASSOCIATION  
BOARD OF DIRECTORS MEETING  
Foster Community Center - Lansing  
December 6, 2011**

Board members present included Roger Nelson, Steve Leiby, Patricia Trudgen, Linda Antinori, Kris Stairs, and Ray Bailey. Also present were club members Katie Donnelly, Dwayne Scheidler, Wendell Proudfoot, John and Deb Bach, Steve Schuesler, and Janet Weber.

President Roger Nelson called the meeting to order at 6:34 p.m.

***Reports:***

**Minutes:** Secretary Linda Antinori presented November's Minutes to the Board for approval. Steve Leiby made a motion to accept the Minutes with corrections, Pat Trudgen seconded the motion and it passed unanimously.

**Vice –President's Report:** Ray Bailey reported that about 45 people attended the Christmas Party at the Outer Limits and everyone had a good time.

**Treasurer's Report:** Steve Leiby presented November's Financial Reports to the Board for approval. Linda Antinori made a motion to accept the Report as presented; Kris Stairs seconded the motion and it passed unanimously. Steve reported that AT&T had been giving us a double discount instead of the single discount we were entitled to due to the fact we only receive incoming phone calls. This explains the sudden change in our telephone bill. He is also considering closing the Independent bank account and possibly open a checking account at MSU Credit Union.

**Events Director:** Pat Trudgen reported that the work on the DALMAC application booklet is going well. We will be offering the same independent travel insurance to Northwest Tour and DALMAC riders. We have had very few claims on it. She also reported that we are discontinuing using Shuttle Guy Service due to an incident on DALMAC 2010 with one of their vans and a rider's bike. Pat did not hear about the incident until June or July 2011 after their insurance denied the claim due to negligence on the rider's part. We will require people doing business with us to have insurance. We are looking into a protocol for accidents and filing claims.

**At Large:** Kris Stairs reported that she is working on the incentive letter with Wendell Proudfoot and that she has samples of the incentives ordered for the January club meeting for members to try on.

## Who Needs “Smart Cycling 101”?

By Bill Savage, Chairman—Safety and Education Committee

Perhaps the “101” connotes a freshman level class, it is not conducive for beginning cyclists. It is designed to make a good cyclist into a better and safer cyclist. We have had a couple of beginning cyclists in the class, but their lack of experience and the difficulty of the “parking lot drills” are more than they can handle.

So – who should take the class? Just about everyone riding on DALMAC can learn a great deal in the class. The faster club riders have the most to gain, by being proficient in “quick stops” and “instant right turns”. Knowing the laws and proper positioning on the road are important for all cyclists.

The Smart Cycling class is required as a prerequisite for taking the “League Cycling Instructor” (LCI) class that we hope to hold in Lansing later in 2012.

Those interested in becoming an LCI should take this class, but all are welcome. For further information contact Steve Leiby [leiby2691@sbcglobal.net](mailto:leiby2691@sbcglobal.net) , Dean Brailey [boardatlarge2@biketcba.org](mailto:boardatlarge2@biketcba.org) or myself [MSUSavage@aol.com](mailto:MSUSavage@aol.com).

"Next to a leisurely walk, I enjoy a spin on my tandem bicycle. It is splendid to feel the wind blowing in my face and the springy motion of my iron steed. The rapid rush through the air gives me a delicious sense of strength and buoyancy, and the exercise makes my pulse dance and my heart sing".

1754 E. Clark Road, Lansing, MI 48906 517-349-4529

Come meet the new shop in the area owned by TCBA members and volunteers, Jim and Linda Blas. Jim has been a mechanic for over 20 years. Many of you know him from working at other shops in and around the Lansing area. We sleep eat and breath bikes. Even our teenage daughter, Kat, is becoming an enthusiast. Before the shop, at any given time, if you were to visit our home, there would be no less than 3-4 bikes in the living room. We ride everything from up rights to recumbents and trikes. We also do our fair share of mountain biking. Our goal is to have a small family and enthusiast service shop (yes we do also sell bikes), centered around cycling education, advocacy and repair. Our goal is getting you on the most optimal ride. Our focus is getting people interested in biking and exploring the awesome world of bicycling.

We are authorized KHS/Fresagere/Marshman dealers, but to keep overhead and our prices down we do not stock a lot of bikes. We can order them. Our personal bikes will always be on display for you to check out and for test rides. We repair all brands, makes, models, shapes and sizes of bikes and hand trikes. Hand trikes are a new area we are exploring because of demand and popularity among our handicapped friends. Please check out our website.
