## THE LEAGUE OF AMERICAN BICYCLISTS GET A NEW LOGO

Extracted from the website [www.bikeleague.org](http://www.bikeleague.org)

Across the country, a bicycling renaissance is afoot. Bike commuting is on the rise, new audiences are being drawn to two wheels and entire cities are being transformed by active transportation.

Yeah, it's an exciting time to be a bike advocate.

As a leader of the national movement, the League is stepping up its game to meet that momentum. We're giving ourselves a tune up— and looking to the future. This morning, we launched our new logo and branding at the National Women's Bicycling Forum here in Washington, D.C.

Our new look may seem a bit familiar: It draws on our unique history and depth of knowledge, using elements of the original winged wheel logo of the League of American Wheelmen. But, with a modern edge and forward motion, it also showcases our commitment to propel the new, diverse and growing ranks of bicyclists in the United States, recognizing and representing the current and future face of the cycling movement.

The evolution of our new branding has been six months in the making — and we were so lucky to work with **Language Department** in New York City to bring it all together. Both incredible designers and active bicyclists, Language Department did a deep dive into the League's heritage, our position in the bicycle advocacy landscape and the attributes that make us unique. Not only did they freshen and sophisticate our look, but helped us really hone in on who we are — and who we want to be as an organization.

Our work and our core mission — promoting cycling and looking out for everyone that rides a bike — remains the same. Our commitment to you is stronger than ever. But, with the addition of exciting new programs like **Women Bike** and our broader equity initiative, we are committed to opening the doors to everyone who rides — or wants to ride — in the **Bicycle Friendly America** we're working so hard to create.

## TCBA Advocacy Committee Report

By Michael Unsworth

### TCBA Advocacy Committee January-February Report

#### A. Bike Share activities:

1. The City of Lansing will submit a bike share equipment grant from the federal government; the City will provide some matching funds, of \$15,000.
2. A private business A2B Bikeshare is continuing development of a system (<http://www.a2bbikeshare.com/>) that is not tied kiosks or specific models of bike. Instead, it relies on a GPS console attached to a bike.
3. Advocacy committee member, Tim Potter, is advising on technical aspects.

#### B. Future Direction for the Committee

1. In early February, several of us met with the Chair and Director of the Grand Rapids Bicycle Coalition. We discussed priority-setting, strategic planning, foundation support, production of an area biking map, and their Quarterly Handlebar Happy Hours.
2. At our February meeting, we discussed the following items: future structure, finding benefactors beyond the DALMAC fund, area maps as web applications, and seasonal bike parking spaces.

#### C. Bike Friendly Business — We've come to the consensus that the League of American Bicyclists' guidelines are too involved and off-putting. Thus, we're focusing our efforts on crafting locally-relevant programs. The Michigan Avenue corridor will be our initial effort with an informational breakfast in April.

#### D. The March 7 quarterly Tri-County Regional Transportation Forum will be devoted to the topic "Complete Streets: What's Next?"

#### E. Bike Parking:

1. Steve Leiby and Mike Unsworth are tweaking the guidelines to include seasonal on-street bike parking.
2. The City of Lansing Planning Department has requested money from Federal funds for bike racks.

#### F. 2013 Lansing Area Ride of Silence (May 15) - The planning committee started meeting in January and planning progresses. We did decide to have it start at 6:30 p.m. instead of 7 p.m. as in years past. That gives us an extra half hour of scarce daylight.

No April Fool's joke, it is really spring, however, last month, I was in Cable, Wisconsin where they held the Fat Bike Birkie, which was held March 9, 2013 at the Telemark Resort and Convention Center. This was just one of the participants who rode his bike to the race on snow packed roads.

### CHANGE OF ADDRESS

The TCBA would like to remind our valued members to please submit your change of address (form is included on the mailed newsletter) whenever you move, or temporarily relocate for lengthy periods of time. We no longer have the post office forward our mailings, such as newsletters, ride notices, etc. To insure you receive your TCBA correspondence, it is imperative you keep us informed on where you want your mail sent. The cost to the club to receive notices of undelivered mailed is starting to add up. In addition, we cannot be responsible if you do not receive an application to a desired ride which fills up due to our inability to provide you an application in time. Thank you for your assistance in resolving the issue from both perspectives. Please notify Wendell Proudfoot of your change of address at [membership@biketcba.org](mailto:membership@biketcba.org).
