September 2015  
Advocacy Committee Report  
Submitted by Mike Unsworth

Bike racks have been delivered to Bath Township.

Mike Unsworth recently met with Andy Kilpatrick, City of Lansing Traffic Engineer, and discussed non-motorized transit (NMT) issues. Here are the highlights:

- The River Trail as a NMT corridor-- From a utilitarian standpoint, the Trail is often not the most direct route for traveling the City. Thus there is a need for a comprehensive NMT network which comprises of neighborhood streets (including bike boulevards), shared lanes, bike lanes on higher volume streets, and pathways. All elements should be connected, just like our road network.
- Michigan Avenue reconstruction will take place in both 2017 & 2018.
  - Andy is planning on producing a bike infrastructure map which would show the boulevards, bike parking, and other features.
  - The City invited us to help them plan and mark bike/pedestrian detours for events , such as Common Ground
- Lansing's downtown parking lots and structures will get more bike parking & bike lockers. They will be administered by the Parking Office.
- The University Region of the Michigan Department of Transportation has produced its Regional Non-motorized Plan, dated July 2015. At this time, an electronic version of the Plan and maps can be found at the website created for this project, <http://www.uregionnomoplan.com/>, listed under "Documents and Maps." The final pdf for the Plan is specifically located at <http://www.uregionnomoplan.com/#!docs-maps/cfvq>. This website will continue to be active until August 2016.

The TCBA Advocacy Committee (<http://advocacy.biketcba.org/>) meets the second Wednesday of each month at The Avenue Café (2012 E. Michigan Ave., Lansing) from 6 to 7:30 p.m. Everyone is welcome to attend.

Labor Day 2015 saw the completion of the 45<sup>th</sup> DALMAC, [www.dalmac.org](http://www.dalmac.org). This year's team implemented several changes. Among them were:

- o An online Primal Team Store providing different types of clothing options;
- o Changes in the 5 West and 5 East routes;
- o Menu changes at some of the overnight stops in an effort to improve our food offerings;
- o Sheriff monitored controlled crossing at the intersection of Williamsburg and M-72 on the 5 West route;
- o Two posters;
- o DALMAC sponsored presence on Facebook;
- o Availability of digital DALMAC route maps;
- o Ability to purchase bus tickets to East Lansing at the end of DALMAC

Although there were changes made in some of our menus, this year's rider survey indicates we need to continue with this effort. The Food and Facilities Committee is working on that objective. For next year, we are looking at more changes:

- o Continue to improve food menus;
- o End the 5 UP route closer to St. Ignace rather than in Sault Ste. Marie;
- o Possible change of the 5 West 3<sup>rd</sup> day route between McBain and Elk Rapids;
- o Develop a list of commercial stops along DALMAC routes for riders;
- o Required viewing of a bicycling safety video prior to registration

Since DALMAC began in 1971, the more than 100 dedicated volunteers who plan and support DALMAC each year have continued to produce one of the premier bicycle tours in the Country. I want to thank ALL of those volunteers for their outstanding service to our riders.

If anyone would like to join our group of DALMAC volunteers, please send an email to [volunteers@dalmac.org](mailto:volunteers@dalmac.org). There are always positions opening up each year.

Ken Hendrick  
DALMAC Director

### Daylight Saving Ends

#### It's time to fall back!

Daylight Saving ends at 2:00 AM on Sunday, November 1, 2015.

Credit for Daylight Saving Time belongs to Benjamin Franklin, who first suggested the idea in 1784. The idea was revived in 1907, when William Willett, an Englishman, proposed a similar system in the pamphlet *The Waste of Daylight*.

The Germans were the first to officially adopt the light-extending system in 1915 as a fuel-saving measure during World War I. The British switched one year later, and the United States followed in 1918, when Congress passed the Standard Time Act, which established our time zones. This experiment lasted only until 1920, when the law was repealed due to **opposition from dairy farmers (cows don't pay attention to clocks)**.

## Did you know?

If you lined up all the mountain bikes in America, tire-to-tire, and then rode a bike along that line, it would take you 36 weeks, (riding 40 hours per week, 15 miles per hour) to get to the end of the line.

## 2016 TCBA Board of Directors

Patrick Kelly, President: As a 20 year+ member of TCBA and 2 terms as Board-at-Large, Patrick participates in many of the TCBA rides and knows the importance of the volunteers. Patrick plans to support volunteers and assist folks in riding our bikes.

Bill Smith, V. President: Bill has been a TCBA member for 30 years and currently serves as the Vice President, which he has held for 3 years. He has enjoyed working with the club leadership and seeing firsthand all the work that our volunteers put in to make our club successful. Bill would like to continue to contribute to the TCBA in the coming year. He enjoys finding speakers on different aspects of cycling culture in the mid-Michigan area and looks forward to seeing members at the Holiday Party in December.

Steve Leiby, Treasurer: TCBA member for 43 years. As one of the founding TCBA members, he would like to see the club continue to grow and prosper. TCBA should promote safe bicycle riding and a more bicycle friendly environment. He helped Bill Savage teach the Smart Cycling class for several years. He is the DALMAC Fund Chair and have served on the committee since its founding in 1985. Having served as Treasurer for the last 4 years, he is running for **another term. Steve held many offices in the late 1970s, including President and Events Director. Steve's goals for the coming year are to increase our membership; focusing on younger members, expand our educational programs, as well as pay more attention to improving the riding environment.**

Deb Traxinger, Secretary: Deb is an 18-yr club member, participated in countless club rides. Northwest Tour and Summer Tour many times, and ridden DALMAC 3 times. She has always been impressed with the purpose and the people involved with TCBA. Recently retired and now with more free time wants to give back to the club for all it has given to me. She states she has no special skills related to the position of secretary other than a willingness to help however she can.

Ken Hendrick, Events Director: Ken has been a TCBA member for 31 years. Ken has held the following DALMAC positions: Events Director for 2015; Food & Facilities; 1999 - 2014; DALMAC Treasurer for 6 years; Quad Century Ride Leader 1 year; DALMAC SAG driver 2 years; and assisted with many other DALMAC activities. Ken has been an **avid bicycle tourist since riding his first DALMAC in 1985. He has ridden 25 DALMAC's, worked on three DALMACS,** and only missed three since 1985 while bicycle touring in the British Isles. Most of his professional career was spent in **leadership or management positions. Ken's objectives as DALMAC Director will be to support the over 100 volunteers** who have made DALMAC one of the premier bicycle tours in the Country and continue to maintain and improve upon those efforts.

Ken Schwartz, Member-at-Large: Ken started communing by bike in 1975. When he moved to East Lansing in 1980, he evolved to a touring cyclist. DALMAC has become a yearly wonderful habit. Ken enjoyed all 34 rides from Lansing to the bridge with the exception of some really bad rain days. He remains grateful to TCBA for organizing all these great rides. He believes that one of the great strengths of our club is that it is run by cyclists for cyclists. All of the organization, planning and administration is performed exclusively by volunteers. After 35 years of riding with the club it is time for me to give a little back by volunteering myself to serve as a member at large on the board.

Joane Gruizenga, Member-at-Large: Customer service is both her professional and volunteer work. Before retiring from the Dept. of State, customer service was the position held for 12 years, as well as holding volunteer positions in DALMAC, Secretary and At-Large positions with her condo board. DALMAC positions include: rider services, private SAG, repair truck and special registrations, banking, monitoring the emergency line, purchasing committee, rider packs, clothing sorting, ordering ribbons for flags, truck driving, site set up and tear down, answering all questions with a smile. TCBA positions include: co-leader for Women on Wheels for many years and co-leader for the Kroger rides. Joane is an active participant in club activities, rides, meetings, and parties. It is her desire to be of more use to the club as a Member-at-Large in 2016.

\*Note: There was only one participant for each board position; no election is necessary for the 2016 TCBA Board.
